

WOULD DECREASE THE NUMBER OF ACCIDENTS AT GRADE CROSSINGS

Illinois Commerce Commission Begins Hearings at Springfield—Official of Electric Road Would Have All Motorists Examined as to Mental and Physical Fitness

(By The Associated Press)
SPRINGFIELD, Ill., Sept. 20.—With a suggestion by J. Hyatt, of the North Shore Electric line of Chicago that all motorists be examined for their mental and physical qualifications to drive an automobile the Illinois Commerce Commission at a meeting of full commission here today began the work of framing new rules to decrease the number of accidents at grade crossings.

Railroad officials, state and county highway men, and representatives of the public attended the meeting.

Mr. Hyatt said the chief cause of most accidents at grade crossings was carelessness and that the most direct method of reducing these accidents would be to license only those competent to drive an automobile.

With the understanding that such action would be entirely beyond the authority of the commission, Chairman Frank L. Smith of Dwight, who presided, permitted a discussion of this point.

"It would require an alienist to determine whether a man was mentally fit to drive an automobile," Chairman Smith said, "and this commission is not ready to take the responsibility of making such a suggestion to the legislature."

BRITISH QUESTION POLICY OF THE U. S. ON THE HIGH SEAS

Consider Extension of Authority as Grave and Important

(By The Associated Press)
WASHINGTON, Sept. 20.—Unless the defendants take an appeal from the decision of the federal court in Boston yesterday and permit a higher tribunal to pass upon the claim of the American prohibition navy no jurisdiction over the seas beyond the three mile limit the British government is expected here to take up the subject diplomatically with the state department.

The British embassy has confined itself to requests for information as to facts connected with several seizures and searches of vessels under the British flag by prohibition agents has made no appearance in the resulting legal proceedings. A lack of sympathy with operations of the rum runners on the part of British officials is said to have caused the assumption of this attitude but now that cases have begun to emerge from the court dockets throwing the weight of judicial decisions behind the claim of extended high seas jurisdiction it is understood there is to be a change in the course of the London government.

It is the British contention that the issues raised by the court decision yesterday in Boston in the case of the British schooner Grace and Ruby which was held beyond the three mile limit, are far more grave and important than any mere question of the punishment of a few smugglers, or the enforcement of domestic customs laws.

In the British view there is involved the greater question of freedom of the high seas. If it is possible for any nation to extend its jurisdiction beyond the old recognized limits at its own pleasure and without reference to the other maritime powers it is regarded by the British as highly important that some understanding should be reached as to the extent of the powers claimed. Secretary Hughes initiated negotiations to this end but so far the British government has not responded to his invitation to seek a reciprocal understanding authorizing the search of vessels of either country within certain zones.

PREPARED TO BUY WATERWAY POWER

(By The Associated Press)
WELLAND, Ont., Sept. 20.—President O. E. Fleming of the Canadian deep waterways and power association declared today in addressing the organization that a group of financiers was prepared to buy the power proposed to be developed in connection with the scheme for deepening the St. Lawrence river.

"I can say to you now," he said, "that so far as the cost of the enterprise is concerned there is a strong financial group prepared to buy the power at a price that will cover the cost of operation, maintenance interest charges and sinking funds."

THERE WILL BE NO WAR IN NEAR EAST ALLIES SAY

Conference to Settle Turkish Problems to Be Called Soon

(By The Associated Press)
PARIS, Sept. 20.—Definite assurance that there will be no war in the Near East and the calling of a peace conference for the settlement of the Turkish problem were the chief results of the allied meeting this afternoon. Premier Poincare, Lord Curzon and Count Storza were the participants.

The eight interested powers, including the Angora government will gather around the peace table within three weeks, probably at Rome or Venice and make a new treaty with Turkey to take the place of the treaty of Sevres. The eight nations called together are Great Britain, France, Italy, Japan, Turkey, Greece, Rumania, and Jugoslavia.

Japan's inclusion at the last minute came as a surprise. It was due to Lord Curzon's insistence. The British secretary told Premier Poincare that his government frankly feared the close as it had reason to believe had existed between Angora and Moscow and Japan's presence was desired to offset this Bolshevik influence.

It also was explained that Japan was a signatory of the treaty of Sevres.

It is remarked in French circles that the participation of Japan insures another vote for British policy in an issue which may arise in the conference. M. Poincare in consenting to the presence of Japan, demanded also the presence of Rumania and Jugoslavia.

While the United States was not included among the eight countries to participate it is regarded as certain that a mere intimation from the American government that it desires to attend even as an observer will be followed by an instant invitation from the allies. In view of American aloofness from European affairs it was decided not to take the initiative.

In Complete Accord
Lord Curzon, M. Poincare and Count Storza were in complete accord that there should be no war in the Near East but Lord Curzon asserted that Great Britain thought that the presence of a strong fleet in the straits was necessary to maintain freedom of passage.

Admiral Lord Beatty of the British navy and Admiral Grasset of the French navy reported on the military and naval situation in the Dardanelles. Admiral Beatty is believed to have said that freedom of the straits could be maintained by the navy.

While insisting on what they term their legitimate claims to Eastern Thrace, Adrianople and Constantinople the Turks are understood to have informed M. Poincare that they would consent to remain masters of Asia Minor until the conference has given consideration to these other claims. French officials are confident tonight of a complete agreement with Great Britain when the allied meeting resumes on Friday and it is freely predicted that the British will retire.

On the other hand late tonight it was authoritatively stated in British quarters that the British troops were not in danger at Chanak, which gave rise to the report that they might remain there with the tacit approval of the Turks.

COAL PRIORITIES ARE REMOVED

(By The Associated Press)
CHICAGO, Sept. 20.—Coal priorities have been removed and coal can now be shipped to all consumers according to the interpretation placed by Illinois Coal Operators today on the cancellation announced from Washington last night of the interstate commerce commission service order No. 23.

"As we understand it, we now can ship coal to all classes of consumers," Dr. F. C. Honnold, secretary of the Illinois Coal Operators association said today.

"We received a telegram from J. E. Rith, of the commission's service bureau announcing that at midnight tonight service order No. 23 establishing coal priorities would be cancelled."

OPEN FOOD STATION FOR STRIKING SHOPMEN

(By The Associated Press)
PORT MADISON, Ia., Sept. 20.—Members of the Donaldson and Franklin, Iowa, locals of the Farmers Union in cooperation with the local shop crafts relief committee today opened a food distributing station for the \$200 striking shop craftsmen of the Santa Fe railroad who have been idle since the nationwide walkout of the shop crafts unions on July 1.

Injunction Suit To Be Decided Tonight

(By The Associated Press)
CHICAGO, Sept. 20.—The government's suit for a nationwide injunction against the striking railroad shop crafts will be decided tomorrow night a few hours before the temporary restraining order now in force expires.

This became evident today, when the defense closed its case and opening arguments were begun. Blackburn Esterline, assistant solicitor general, opened for the government, followed by Donald R. Richberg, attorney for B. M. Jewell and John Scott, the strike leaders.

Mr. Richberg will complete his argument tomorrow, to be followed by his associate counsel, Frank Mulholland of Toledo and Assistant Attorney General McLaughlin will close for the United States.

The government has not completed the draft of the injunction which it will ask Judge Wilkerson to sign, but there are indications that some drastic clauses of the restraining order will be modified.

A nationwide strike, but the sheer power of its extent, is in itself a conspiracy against interstate traffic, Mr. Esterline contended in his opening statement as representative of Attorney General Daugherty. That the fact of 400,000 men at 4,000 points quiting in unison is a menace against the movement of mails and of interstate shipments which the government may rightfully seek to curb, was the burden of his plea.

VOTE FOR SINE DIE ADJOURNMENT TAKEN IN HOUSE YESTERDAY

Resolution Calls for Adjournment Friday Afternoon at 2 P. M.

(By The Associated Press)
WASHINGTON, Sept. 20.—A resolution calling for sine die adjournment at 2 p. m. Friday, was adopted by the house today by an overwhelming vote and the measure was sent to the senate which is expected to adopt it, if it is evident it can complete its business by that time. Otherwise the senate will amend the resolution to provide for a later adjournment.

The house practically disposed of its pressing business with its action on the soldiers' bonus but members were urged by Republican Leader Mondell to remain for possible action on a request from the president for a special appropriation for relief of American refugees in the near east. The senate has before it for disposition the Siberian question, the deficiency appropriation bill and other matters which may or may not be given final consideration.

Meanwhile the question calling congress in special session about November 15 to take up the administration ship subsidy bill amendments to the transportation and certain appropriation bills was considered today at a conference between President Harding and Speaker Gillett of the house. Senator Lodge Republican senate leader and Representative Mondell.

The congressional leaders were said to favor such a step and President Harding has indicated it was under consideration.

EAST ST. LOUIS WOMAN GETS NINTH DIVORCE

(By The Associated Press)
EAST ST. LOUIS, Ill., Sept. 20.—Mrs. Cora Lilley, who yesterday was divorced from Albert A. Lilley today admitted it was her ninth divorce. Mrs. Lilley said her matrimonial career began at the age of 14 years. She had gone thru two marriage ceremonies with Lilley, he previously having obtained an annulment when he learned she had not been divorced from his predecessor a year, according to Illinois law.

SURETY COMPANY IS ASKED TO HELP LOCATE RECORDS

Director of Department of Registration and Education Makes Request

(By The Associated Press)
SPRINGFIELD, Ill., Sept. 20.—The director of the National Surety company of Chicago in securing a return of missing records of the state department of registration and education has been sought by A. M. Shelton, the director of the department, he announced today.

The surety company, Mr. Shelton said, signed the bond of the former director H. H. Miller, who has been indicted in Chicago, for malfeasance in office.

This announcement followed one earlier in the day that the new director had asked for and received the resignation of all members of the fourteen state examining boards. Resignations were asked for, he said, that he might have a free hand in re-organizing the boards and assuming a "personal responsibility." Several board members, he said, will be re-appointed.

Mr. Shelton said he had found the records of his office very incomplete. Among missing records were lists of grades showing what applicants had passed examinations; and the records of rules and regulations adopted by the various boards. It was the duty of his predecessor, Mr. Shelton said, to preserve all records of his department intact and his failure to do so has put a responsibility upon his sureties.

None of the missing records, Mr. Shelton said, are wanted as evidence in the trial of the former director.

PRESIDENT'S VETO IS SUSTAINED BY THE U. S. SENATE

House Had Previously Overridden Veto by a Large Margin

(By The Associated Press)
WASHINGTON, Sept. 20.—The soldier bonus bill failed of enactment today, the senate sustaining President Harding's veto. Previously the house had overridden the veto by a large margin.

The senate roll call showed 44 yeas to 28 nays, or four less than the two thirds majority necessary to enact the measure without the president's approval. The vote in the house was 258 to 54, or 50 more than the required number.

Altho it was reported that a new bonus bill might be introduced tomorrow it was certain that the bonus fight would not be renewed at least until the next session of congress which will begin December 4.

The senate roll call follows:
To Override the Veto
Republicans—Brandagee, Bursum, Capper, Cummins, Curtis, Gooding, Hale, Harold, Jones, of Washington; Kellogg, LaFollette, Lenroot, Lodge, McCormick, McCumber, McLean, McNary, Nicholson, Norbeck, Oddie, Rawson, Shortridge, Stanford, Sutherland, Townsend and Watson of Indiana—27.

Democrats—Ashurst, Broussard, Culberson, Fletcher, Gerry, Harrison, Heflin, Hitchcock, McFarland, Randall, Reed, Missouri; Robinson, Sheppard, Simmons, Smith, Trammell and Walsh of Mass.—17.

To Sustain the Veto
Republicans—Ball, Borah, Calder, Cameron, Dillingham, Dupont, Edge, Ernst, Fernald, France, Keyes, Moses, Nelson, New, Newberry, Pepper, Phipps, Reed, Penna; Smoot, Sterling, and Wadsworth—21.

Democrats—Dial, Glass, Myers, Owens, Shields, Underwood and Williams—7.
Total—28.

Pairs—Caraway and Jones, New Mexico for; McKinley against; Harrison and Walsh of Montana for; Frelinghuysen against; Putman and Pomeroy for; Swann (present) against; Overman and Norris for; Warren, (present) against; Ladd and Kendrick for; King against; Poin-dexter and Willis for; Weller against; Johnson and Spencer for, Page against; total 21.

Absent and not paired—Elkins, Stanley and Watson, Georgia—3.
Grand total 96.

The roll call in the house follows:
The house vote on the first passage of the bonus last March 23, was 33 to 70 or 4.75 to 1, as compared with 4.77 to 1 today. The senate vote today compared with 4.77 to 1 by which the measure was first passed on August 31.

Most of the house votes to sustain the president were cast by members from eastern and southern states with Western delegations voting almost solidly for the bill.

There were two changes in the senate. Senator Cameron, Republican, Arizona, who voted for the bonus originally voting to sustain the veto while Senator McKinley, Republican, Ill., who it was announced was favorable to the bill on the first vote, was paired against it.

BRIEFS POLICE CLOSING ON SUSPECT IN DOUBLE MURDER

(By The Associated Press)
Peoria, Ill., Sept. 20.—Indictment of Vincent O'Gorek, alleged proprietor of an "automobile farm" near Dixon, Ill., and reputed to be wealthy, was among those returned by the September grand jury today. O'Gorek was indicted on three charges, each for the theft of an automobile and the dates of May 1, 14, and 19, 1922.

Chicago, Sept. 20.—The White Sox today insured for \$125,000, the life of Willie Kamm, 22, sensational third baseman of the San Francisco club, who was recently purchased by President Comiskey for \$100,000 cash and players whose services were valued at \$25,000.

This is the largest amount for which a baseball player ever has been insured, it was announced. Ray Schalk, star catcher of the White Sox, who acts as an insurance agent when not playing ball, wrote the policy. Kamm will report next spring.

Officers Working in Widely Scattered Parts of State

(By The Associated Press)
New Brunswick, N. J., Sept. 20.—The snafus spread by the prosecuting and detective staffs of two counties five days ago for the person or persons responsible for the double shooting of Rev. Edward Wheeler Hall, rector of the Protestant Episcopal church of St. John the Evangelist and Mrs. James Mills, choir singer in the church, were closing in tonight, the police said on a single suspect.

"We will not be rushed in this case," said Prosecutor Stricker of Middlesex county. "To make an arrest now would be to open the war for habeas corpus proceedings which would force us to discontinue the lines along which we have been working."

Detectives of Middlesex and Somerset counties were reported working in widely scattered points of New Jersey thruout the day and all were understood to be working to make more tangible the theory in which the unnamed suspects is the central figure.

Detective Totten and members of the prosecutor's staff of Somerset county were reported working in widely scattered points of New Jersey thruout the day and all were understood to be working to make more tangible the theory in which the unnamed suspects is the central figure.

Detective Totten said that he asked Willie Stevens, who is a town character and figure known thruout the country for his eccentricities, to repeat again his account of what he did Thursday night, the assumed time of the double shooting. Mrs. Hall had accompanied her when she went out to the church about midnight Thursday in quest of her husband. Willie is reported to have said in a conversation at the fire house that he wasn't with his sister on Thursday night. Detective Totten said he retracted this statement during today's questioning which lasted three hours.

Mrs. Hall also was questioned, as were servants, and a Mrs. Sallie Peters, who said that she was 'an old friend of the family.'

Examine Hall Autos.
The detective made a minute examination of the Hall garage, which holds two cars. They paid particular attention to the pattern of the tires on the smaller of the two machines. Stevens accompanied Totten's men into the garage.

The detectives left but later returned and took Stevens and one of the Hall servants to the prosecutor's office. Detectives declined to say whether the servant had been questioned at all but admitted that the Hall family was keeping a close watch over the slain rector's brother-in-law.

James Mills, husband of the slain woman and his daughter, Charlotte, 16, were not questioned today. Somerset county detectives said that they "were being left out of the investigation."

It was learned that the home had been searched particularly for any papers which might throw light on the relations which existed between Mrs. Mills and the rector.

The Phillips homestead was the scene of the minutest search thruout the day. The rambling, two story house, said to be nearly 100 years old and called "the house of mystery," first was searched and evidence was found that it had recently been occupied.

In going over the sun down little square detective came on a lane smaller than other DeRusseys or the so-called "Lovers' Lane," which have figured prominently in the investigation. A narrow road of red dust off East-on avenue the main thoroughfare, this new road is said to offer an excellent way for approaching unseen "the house of mystery" and the place where the bodies of the rector and the sexton's wife were found.

At the end of this lane the detectives discovered tire marks left in sharp relief in the mud. Photographs were made of these tracks detectives called the most valuable clues found in the entire day of investigation.

BANK OF ENGLAND TO GUARANTEE NOTES

(By The Associated Press)
LONDON, Sept. 20.—The formation of a consortium of German banks organized for the transfer of their actual gold securities held abroad to the Bank of England in return for credits for the guaranty of the German treasury notes offered to Belgium is thought in well informed circles to have been the solution of the acute reparations problem between Belgium and Germany.

The reason for the absolute secrecy on the part of Berlin and London has been because there is an understanding that neither France nor Belgium should be advised where the securities and bank deposits are located. It is pointed out that the Bank of England, being a private institution could not guarantee the notes offered to Belgium without the physical possession of these securities.

EXPECT ALL BODIES WILL BE OUT TODAY

(By The Associated Press)
JACKSON, Cal., Sept. 20.—All the 47 bodies of miners who met their death in the Argonaut gold mine by fire and poisonous gas are expected to be brought to the surface by tomorrow. The federal mine rescue crews will work without stopping until the last body is placed in its casket.

Eight additional bodies were brought from the Argonaut level in which the miners had crept balked to retard the movement of the gas. Seven were identified and altogether seventeen bodies have been placed in caskets in the Argonaut mine.

Funeral for all of the victims will be held Friday and the Jackson band will lead their funeral processions in the morning, one hour apart to the Roman Catholic, Protestant and Greek Catholic cemeteries.

The coroner's jury viewed two bodies today and adjourned until after the funerals. The inquest is planned will start late Friday. District Attorney Negrich declared today the inquest will be as searching as he can make it.

EXPERIMENTING WITH GAS ENGINES IN IOWA

(By The Associated Press)
CHICAGO, Sept. 20.—Experiments which the Chicago Great Western railroad has made in Iowa with four gasoline motor trains have been so successful that the road is planning to expand the equipment to 15 such trains, Samuel M. Felton, president of the road said today.

"My theory is that with the low overhead cost of the gasoline driven train," he said, we can afford to stop at nearly every crossing or small station and build up a good interurban traffic."

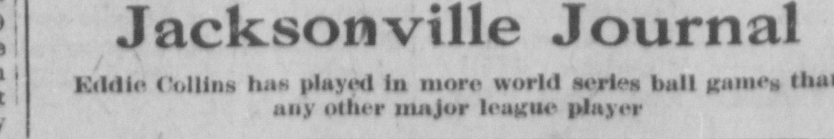

The train consists of a gasoline motor car with space for freight and baggage and a trailer. The trains now in use are making runs of 100 and 150 miles a day, Mr. Felton said.

A THOUGHT

This is a faithful saying, and these things I want you to remember constantly, that they which have believed in God might be careful to maintain good work.—1 Peter 2:2.

It is the business of anybody who can, to set right what anybody has set wrong.—Anon.

Perhaps Congressman Shattuck will answer Mr. Rainey's challenge for a debate by saying that he accepts but prefers to argue about Mr. Rainey's record since the former congressman was long in the political limelight.

A vein of coal has been discovered below the campus of an Indiana college and students are to mine enough for the college needs. If every consumer had the chance to do something for himself in this way the proud barons would soon be humbled. A warm winter will also do something in the humbling line.

The village postoffice is going out of business under the slow process of evolution, according to data issued by the Postoffice department. During the last year only eight states showed an increase in the number of postoffices, while all other states showed a decrease. This decrease of village postoffices is attributable to the increase of the extension of the rural route mail service.

That the C. P. & St. L. management and shippers have reached an amicable agreement will be the occasion for general rejoicing here in Jacksonville. Within a short time at least one hundred

men will be given employment and the period of activity will follow a long shutdown.

There is no doubt an accumulation of work and so employment is in prospect all thru the winter months. Jacksonville as a whole benefits when the shops are running for the payroll money goes into the channels of trade.

Since there are 125 Freshmen at Illinois College this year the upper classes have a big task in prospect to keep the first year lads in the proper state of servility.

SCIENTIFIC CRIME

(NEA)

The latest tools of criminals are displayed in New York at the international conference of police. Detectives seem interested in apparatus used by "rope walkers." With the skill of "human flies," this breed of crooks get on a roof and climb down as many as 14 stories to commit robbery using only their muscles and a clothesline.

Burglars now have a fad of carrying their tools in violin and banjo cases.

Electricity is being used widely by yeggmen. Hooking to a light socket, they go thru a safe door with electric drills. In blowing a safe, they even use an electric fuse-exploder.

Detective Boylan says the yeggmen never have been able to perfect the use of acetylene torches for burning thru steel vaults.

All around, the "scientific" tools of crime are disappointing to the curious. In the main they are crude, about the same as a decade ago, with nothing startling as in "master mind" detective fiction.

Each professional criminal, the convened police say, has a characteristic style of work to himself.

For instance, if a window is broken noiselessly by plastering flypaper on it to prevent the crash of falling glass, the police know instantly that the crook is one of a score or so who specialize in this method.

Further elimination is easy, for certain crooks work only on Saturday nights, at certain hours or only during storms.

Cocaine is the chief tool of the New York crook, says Detective Frank Quigley. He explains: "Anybody that goes crooked begins it to steady his nerves. If a man shows a yellow streak, his pals make him take a big snuff of cocaine before they will go out on a job with him. I don't believe a lofty burglary or any other dangerous crime has been pulled off in New York for years except after they have doped themselves to keep their nerves."

BERTON BRALEY'S DAILY POEM

Li'l Bill

BY BERTON BRALEY

(With proper apologies)

I've seen a lot of fighters in my time,
On the diamond, in the ring and on the court,
I have watched a lot of champions as they climb
To the topmost, dizzy pinnacle of sport;
But Bill Johnston is the priciest I've seen,
The epitome of pluckiness and vim,
With a brain that's always working in his bean,
So I sing this little parody to him.

HERE'S TO YOU, Billy Johnston,
With your wicked forehead drive,
You are all "Of sand and ginger,"
And you're vividly alive;
And here's TO YOU, Billy Johnston,
With your reddish-tinted hair,
You lean, lithe bunch of vigor,
With a lot of pep to spare!

YOU are death and you are ruin at the net,
You're a terror and a peril when you serve;
There is hardly any shot you cannot get,
You're a bundle made of energy and nerve;
You are made of dynamite and T. N. T.,
And a wildcat hasn't anything on you,
And the least enthusiastic must agree
You're a bully little sportsman through and through!

SO here's TO you Billy Johnston,
With your racket in your mitt,
You're the dean of tennis service,
And the curly wisp of grit;
And here's TO you Billy Johnston,
With your pulses all athrob,
You skinny little demon,
Who is always on the job!

DEATHS

Evans

Aaron Evans, a well known farmer of Cass county, died yesterday in a Springfield hospital. Mr. Evans was born 65 years ago at Chapin, and was unmarried. Funeral services will be held at 2 P. M. at the church at Virginia and interment will be in Virginia.

Patterson

Death came at 6:45 o'clock Wednesday morning to Mrs. Chas. Patterson, at the home of her daughter, Mrs. W. B. Lowery, 227 East College street. Death came after a long period of illness. The deceased was a daughter of Mr. and Mrs. J. H. Williamson and was born on a farm a few miles northwest of the city, September 27, 1862. She attended the schools of the Ebenezer community and Jacksonville and as a young woman became the wife of Charles E. Patterson.

Their home has always been in the Ebenezer neighborhood. Mrs. Patterson was an almost lifelong member of the church there and as long as her health permitted she was active in various lines of church work.

Mrs. Patterson is survived by her husband and three daughters, Mrs. J. Urell Shible of Portland, Ore.; Mrs. W. B. Lowery of this city; and Mrs. J. W. Martin of rural route No. 7. She leaves also one brother, A. E. Williamson of Springfield.

The funeral services will be held at Ebenezer church tomorrow afternoon at 2 o'clock in charge of Rev. C. F. Buker, a former pastor.

MR. IRWIN HOPEFUL ABOUT OIL FIELD

Kansas Operator Will Bring in Another Drilling Rig—Well on Rayborn Farm Shows at Least Half Million Feet of Gas

C. P. Irwin, one of the oil operators who is interested in the Morgan county field, is well enough satisfied with the prospect to arrange for another drilling rig. Mr. Irwin left last night for his home in Iola, Kans., expecting to return in about ten days, and said before leaving that he expects another drilling rig to be brought into the field in the course of a very short time.

During the absence of Mr. Irwin his geologist, Cecil Pease, will be in charge of operations on the Orear farm, where a well is now to be put down.

Mr. Irwin said last night: "I am not wildly enthusiastic about the prospect here, but indications are such that I want to go ahead with development work, and enough of a showing has been made to indicate the likelihood of a profitable field here. The well on the Rayborn farm which we cleaned out and drilled deeper is showing a good pressure of gas and I consider it as of at least 500,000 feet size."

"Gas wells of this size are profitable, to say nothing of the oil prospect. We shot the Rayborn well after deepening it to 600 feet. Only a slight showing of oil was made but the gas pressure was greatly increased by the shot. The use of gas will greatly lessen the cost of putting down other wells in the field. However, we will not use the gas for the well on the Orear farm that we are now putting down, as it would not pay to pipe the gas this distance of a mile and a quarter."

"Mr. Pease and I believe from the log of the well and analysis of some of the materials that we have located the edge of the structure and have gained information which will be of advantage to us in future drilling."

FUNERALS

Funeral services for Mrs. Charles Decker were held at the M. E. church in Ashland yesterday afternoon at 2:30. Rev. J. A. Betcher had charge of the services. Interment was made in the Ashland cemetery. The bearers were G. R. Clemens, Harry Lohman, W. D. Taswell, Fred Hexter, Russell King and George M. Bergen.

Music for the occasion was furnished by Mrs. Anna Pearn, Miss Harry Lohman and Mrs. Clarice Harkick at the piano. Floral offerings were cared for by Miss Eva Crowder and Miss Flossie Mason.

Paul and James Reid of north of the city were callers in Jacksonville yesterday.

LISTEN

At this time of the year one's thoughts naturally turn to home made candy, hot chili, hot chocolate, and dainty lunches, both hot and cold.

We have anticipated your desires along these lines and now have ready for you all of the above, together with fresh pan caramels, pecan caramel roll, pecan roll, and "Mexican penochi." This is the item that caused the "furore" among the candy lovers of our city last fall and winter. Only at MERRIGAN'S

The

Most Abused Word

in the

English Language

The word "Quality"—it is like a railroad ticket. Anybody can use it. And, like the ticket, you can't get any place without it.

But, "Quality" expresses the class of tailored-to-measure Suits and Overcoats which this shop turns out, and so long as there is no better word in the English language to express the superior material and workmanship that we put into these garments, at the price, we'll just continue to claim, and to prove "Quality."

MOTHERS AND DAUGHTERS

Read This Letter from Mrs. W. S. Hughes

Greenville, Del.—"I was under the impression that my eldest daughter had some internal trouble as ever since the first time her sickness appeared she had to go to bed and even had to quit school once for a week. I always take Lydia E. Pinkham's Vegetable Compound myself so I gave it to her and she

has received great benefit from it. You can use this letter for a testimonial if you wish, as I cannot say too much about what your medicine has done for me and my daughter."

Mrs. Wm. S. Hughes, Greenville, Del.

Mothers and oftentimes grandmothers have taken and have learned the value of Lydia E. Pinkham's Vegetable Compound. So they recommend the medicine to others.

The best test of any medicine is what it has done for others. For nearly fifty years we have published letters from mothers, daughters, and women, young and old, recommending the Vegetable Compound. They know what it did for them and are glad to tell others. In your own neighborhood are women who know of its great value.

Mothers—daughters, why not try it?

You can use this letter for a testimonial if you wish, as I cannot say too much about what your medicine has done for me and my daughter."

MRS. C. F. STRANG IS LAID TO REST

Impressive Funeral Services Held Wednesday at Murrayville for Well Known Resident.

The funeral of the late Mrs. C. F. Strang was held at 2:30 o'clock Wednesday morning at the M. E. church in Murrayville.

The services were in charge of Rev. J. T. Henninger, assisted by Rev. James Harmon. The church was completely filled with relatives and friends of the deceased, who was so widely known in the community in which she had spent practically all her life.

Music was furnished by Mrs. William Barr Brown, who sang "Face to Face," and "No Night There," and there were also several selections by the choir, Mrs. Charles Short, Misses Lucille and Florence Short and Miss Stella Cunningham. With Mrs. Nettie Millon at the piano.

The floral tributes were especially beautiful and were cared for by granddaughters of the deceased, Misses Elizabeth Strang, Andras, Eleanor S. Masters, Margaret Spencer, Mildred Wright, Mrs. Marie Rowland and Mrs. Nell Schröder.

Burial was made in the Murrayville cemetery. The pall bearers were Wiley Wright, Cary Wright, Clarence Spencer, John Strang, Warren Wright and Donald Strang, grand sons of the deceased.

Obituary Sketch.

She is not dead—She is just away—'Tis such a little time Until we, too, may launch out On the silent tide, They who weep—for we know God giveth His beloved sleep.

In the passing of Margaret Jane Strang, a loving wife, a devoted mother, a good neighbor, and friend has gone on to the other home where there are no good bye, no sickness and no sorrow; leaving with those who know her best, sweet memories of kindly deeds, and loyalty to the trust of motherhood and friendship.

February 12, 1874, she became the wife of Cary Francis Strang, but for three years before she had cared for his four motherless children—after the death of her sister. These children are Mary E. Wright of Murrayville, Margaret Wyatt and Clara Crouse, of White Hall, and Edward, deceased.

To Mr. and Mrs. Strang four children were born, who have shown in their devotion to their mother in her widowhood, and sickness, and to the dear father, thru the long days that he waited for the summons, that the home was a blessing to them.

These three children are Ella J. Spencer, and Harry G. Strang, of Murrayville, Lulu Masters of Jacksonville, and Meda Andras of Manchester. The beautiful devotion of these eight children to their parents and to each other is a fine tribute to the dear one who has just gone on to meet her beloved companion.

Their home life was ideal. For many years their was the home of the preachers. Its hospitality was full of warmth and good cheer; and the children, grandchildren, relatives and friends, will always cherish the sweet memory of an ideal home and a real home maker.

Three sisters and three brothers have preceded her in death; leaving only one sister, Mrs. Augusta Israel, two half-sisters and two half brothers.

Quiet in her Christian life, but ever true to the Master, indeed she was a fine type of the passing generation—a fine type of a womanly woman.

MANY WITNESSES ARE EXAMINED BY THE GRAND JURY

Body Probing Herrin Massacre Hears Over One Hundred Yesterday

(By The Associated Press)

MARION, Ill., Sept. 20.—The special grand jury investigating the Herrin mine killings last June examined nearly a hundred witnesses today and expects to hear the stories of almost that number again Thursday. A blanket summons for everyone living between the strip mine of the Southern Illinois Coal company, near here and the nearby scene of the killing of nearly a score of non-union workers, June 21 and 22, brought in farmers, miners and laborers both men and women.

A powder plant and electric power plant at Energy, a small village, were threatened with a shutdown account of the large number of its employees subpoenaed but this was averted when part of the persons attended the morning session of the grand jury and the remainder testified in the afternoon.

Assistant General Otis F. Glenn stated that much information of value was obtained by the jurors today. Another blanket summons for witnesses was issued tonight for the residents along the highway between the place where the deaths took place, and the Herrin city cemetery where survivors of the mine riots later were killed. In order to speed up the work of the jury, Assistant Attorney General Middlekauff today took over the coroner's office in the court house where the inquisitorial body is holding its sessions and with his assistants interviewed many witnesses before they appeared before the grand jury. He said he found that many persons were not at home at the time of the killings and they were excused from appearing before the jury, while others told stories of interest and claimed to be able to identify some members of the mob which passed their homes. These names were revealed to the grand jury.

State's Attorney Duty declared

Ten years ago a 16-year-old boy in Chicago murdered his father and went to Joliet penitentiary to serve a 25-year term. Three years ago he escaped. A few days ago Chicago police arrested Joseph Vacek, a former patrolman, having recognized in him the escaped convict. Since his escape Vacek (inset) has married and is the father of the five-weeks old baby shown with Mrs. Vacek.

that other arrests for perjury may follow the arrest today of Delbert Neison, of Marion, whose grand jury testimony was disapproved by the prosecuting officials.

ISLAND OF MYIATTE JIMA

Honolulu, T. H., Sept. 20.—Myiatte-Jima one of the seven isles of Izu in northeastern Japan has been swept by a typhoon one of the most disastrous in the island's history, which destroyed 2,100 homes and damaged 45 vessels, according to advices from Tokyo to the Nippon Jiji, a Japanese newspaper of Honolulu. Nine lives are reported lost.

HOW FAT ACTRESS

WAS MADE SLIM

Many stage people now depend entirely upon Marmola Prescription Tablets for reducing and controlling fat. One clever actress tells that she reduced steadily and easily by using this new form of the famous Marmola Prescription, and now, by taking Marmola Prescription Tablets at several times a year, keeps her weight just right. All good druggists sell Marmola Prescription Tablets at one dollar for a case, or if you prefer you can secure them direct from the Marmola Co., 1612 Woodward Ave., Detroit, Mich. If you have not tried them do so. They are harmless and effective.—Adv.

MISS MANDEVILLE WILL WED TODAY

Will Be United In Marriage to William Lipsmire at the Church of Our Savior—Reception at Mandeville Home After Ceremony.

This morning at seven o'clock at the Church of Our Savior the marriage ceremony solemnizing the wedding of Miss Anna Mandeville and William Lipsmire will take place. The Rev. Father E. F. Formaz will officiate.

Mr. and Mrs. John Mandeville of this city will attend the bride, couple. Miss Margaret Ring will give a musical program and play the wedding march.

A wedding breakfast will be served and a reception held after the ceremony at the home of the bride's mother, Mrs. Julia Mandeville, at 817 West College avenue. Only immediate relatives will attend the wedding breakfast.

Miss Mandeville will be married in a midnight blue tricotine traveling suit with a dark hair and will wear a corsage bouquet of Russell roses. She is a well known young lady of Jacksonville and is held in high esteem by her circle of friends who will wish her every happiness in her matrimonial life.

Mr. Lipsmire is a son of Mrs. Josephine Lipsmire of Springfield, and is employed as a machinist at the Eli Bridge company of this city. Mrs. Lipsmire and a brother of the groom are expected for the ceremony.

The bridal party will take an auto tour after which they will be at the home of the bride's mother for a short time.

INTERESTING PICTURES

A group of Illinois College pictures in the window of the J. F. Sarey pharmacy is attracting a great deal of attention. There are twelve different pictures of college buildings, campus scenes or of persons prominently connected with the college. All are in a frame and the grouping is artistically done. The pictures are from the Mollenbrock & McCullough studio.

For Men Only

Dear Sir:—

Are you about ready to think of fall clothes? The season is upon us—there's a tang in the air that tells us it's nearly time to put away summer things and get ready for crisp days.

If you have been wearing Society Brand Clothes, you will naturally think of them when you are ready for a new fall suit. Put your expectations way up high; we have a really remarkable array of them to show you.

If you are still to wear your first Society Brand suit, you have more clothing satisfaction coming to you than you realize.

We have a number of the new Broadmoor Stripes, that are to be so popular this fall. Popular because they are so handsome. Most of them are exclusive to Society Brand—admirable for their style and tailoring.

Will you drop in sometime—make it tomorrow, if you can—and look over these new things with us?

Yours very truly,

Tom Duffner

Does Hard Water Roughen Your Skin?

You needn't let it.

People who use hard water regularly, find one sure way to avoid the unpleasant drying and roughening effect on the skin.

That is by using Olivio—the olive oil soap that lathers so freely, cleanses so easily, and leaves your skin so beautifully smooth and soft, even in the hardest water.

Olivio has a special quality of relaxing the skin. The soothing herbal balsams carefully milled into each cake are wonderfully resting and refreshing to face, arms and body. You will find real comfort in this soap the first time you use it.

If you don't know Olivio, we want you to clip our coupon for a free One-Week Cake. Most people who use it once, always buy the big regular-size oval green cake of pure quality soap. Ask for Oliv-Eye-Lo—only 10c.

SIXTY YEARS OF SOAP MAKING

C. P. & ST. L. SHOPMEN START TO WORK TODAY

Agreement Was Signed in Springfield Yesterday—Is in Accordance with the Baltimore Plan.

Employees of the local Chicago, Peoria & St. Louis shops will return to work today in accordance with an agreement signed in Springfield yesterday with W. C. Hurst, general manager of the road.

The men have been out since July 1, and naturally are much gratified that the differences have been settled and they are to get back to their old jobs.

The agreement signed is on accordance with the Baltimore plan and the men return to work under the same wages and working conditions that prevailed when the walkout came. Their seniority rights also are unimpaired.

Fifty-nine men were employed at the shops July 1, and these will return to work today. Other employees to the number of 100 or more will be placed as soon as possible. It is expected that within a week or ten days that the local shops will have about 100 men on the job.

The agreement signed at Springfield yesterday applies to employees of the shop crafts unions on the entire system. This morning men will return to work at the Springfield shops of the system and also at other places along the line.

A committee from the local shopmen's union composed of Frank McKenna, Charles Pires, Charles Cobb, Henry Souza and Roy McLean was in Springfield yesterday when the agreement was reached and signed for the local union.

Members of the committee spoke in a most complimentary manner of General Manager Hurst last night for his attitude during the period of the strike. Mr. Hurst assured the men in the beginning that no strikebreakers would be employed in the local shops and he lived up to his word.

The return to work of the local men will mean much to the business life of the community. With these men employed it will mean the distribution of several thousand dollars each month in the various channels of trade.

MURRAYVILLE MAN BUYS LOCAL STORE

J. T. Smith Becomes Owner of C. H. Bennett Grocery Store on South Diamond Street—Mr. Bennett to Travel for Springfield Firm

C. H. Bennett of this city has recently disposed of his grocery store at 600 South Diamond street to J. T. Smith of Murrayville. All of the details of the transfer have not yet been completed, but possession is to be given at an early date.

Mr. Smith and his family are to reside in the dwelling house which adjoins the store and will be located there after the first of the coming week. The grocery store which Mr. Smith formerly operated in Murrayville was one of those destroyed in the recent fire. He has been seeking a new location for the past several weeks and as indicated is now to enter business life in this city.

Mr. Bennett has for some time past been a traveling salesman for the Lafayette Smith Co. of Springfield and will now devote all his time to this line of work. The many friends of the family are glad that their home is still to be located in this city.

I. C. FRESHMEN

WARNED BY COURT

Illinois college freshmen will follow the straight and narrow path if they adhere to all the rules posted by the college court of corrections. The rules appear on large display sheets printed on pink paper and are posted in various parts of the city.

Members of the class are ordered to remain off the streets after 9 o'clock and are expected to carry out any orders given by the court. The first-year classmen are instructed to enter the club house after other classmen have preceded them. The most important order, perhaps, relates to the green skull caps and four inch arm bands that each freshman is instructed to wear.

Probably members of the court hope that all the rules will not be followed so that court proceedings may ensue.

NEW OFFICERS NAMED AT LOCAL HIGH SCHOOL

Full Slates Ready for Election of Class Officers at J. H. S.—Elections Soon.

One of the big events of the school year, the electing of class officers, is now one step nearer consummation. The last of the nominating petitions has been handed in and the qualifications of nearly all running have been proved.

In the senior class, the elite of the school, the following nominations have been:

President—George Wetzel, Henry Irving.

Vice President—Russell Deatherage, Elva Osborne, Margaret Marshall.

Secretary—Ruth Staff, Caroline Doan.

Treasurer—Marion Parker, Allen Kelly.

Mr. Wetzel was president of the class last year and has always been an efficient and popular class officer. The other nominees are also popular members of the class.

The Junior nominees embody the following:

President—Margaret Curtis, Floyd Sanders, Earl Tilton, Robert Reed and Lee Baldwin.

Vice President—Sheldon Nicol, Margaret Curtis.

Secretary—Edna Aldrich, Theodore Wetzel.

The following were selected by the Sophomore class:

President—Farrell Crabtree

Vice President—Endora Milburn.

Secretary—Dorothy York, Jimmie Vosseler.

The choice of Freshmen officers lies among the following:

President—Elizabeth Wainwright, Elmer Smith, Clyde Fitch.

Vice President—Abbie Young, William Wilson.

Secretary—Dorothy Fiedler.

Treasurer—David Lander, Hazel Carlie.

The Freshman class was the only class to have a full slate at the time due for all petitions to be in.

WINCHESTER WOMAN INJURED BY FALL

Mrs. John Ligon Sustains Broken Ribs in Fall Near Her Home—Other Winchester News Notes.

Winchester, Sept. 20.—Mrs. John Ligon met with a painful accident Tuesday morning. While going to the home of a neighbor she slipped on the wet grass and fell on a sharp stone, fracturing three ribs. Dr. H. H. Fletcher was called and gave the necessary medical attention. Mrs. Ligon is resting as comfortably as could be expected, but will be confined to her home for some time.

Mr. and Mrs. William Herring and son Albert and Mr. and Mrs. Albert Hayes and daughter Velma of Murrayville, spent Sunday with Henry Herring and family on Cherry street.

Mrs. Frank Stoff of Moline is here for a visit with her mother, Mrs. John Balsley, and with other relatives.

Mrs. J. Peters and daughter, Mrs. Richardson, of Fort Madison, Wis., arrived Tuesday to visit at the home of Mrs. Ralph Lankford and family.

The first meeting of the year of the household science department was held at the Baptist church Wednesday afternoon. There was a short business session and later a program of games and contests was enjoyed. The hostesses were in charge of the program of the afternoon. The luncheon was served on small tables in the dining room, which was tastefully decorated with baskets of flowers. Altogether it was a very pleasant social affair.

WOMAN'S COLLEGE YEAR OPENS AUSPICIOUSLY

First Chapel Exercises Yesterday When Dr. Harker Addressed Students—Enrollment Largest College Has Known.

Altho Dr. J. R. Harker, president of Illinois Woman's college, has been sick for several days, he was well enough to preside at the opening exercises of the college yesterday morning. The enrollment of students exceeds all previous records and the year has begun very auspiciously.

The custom of other years was followed and Dr. Harker made an inspirational address after there had been sacred songs, Scripture reading and a prayer. President Harker sought to impress upon the young women the fact that a college education is of value only as it fits for service.

Rev. T. H. Tull on behalf of the Ministerial association, made announcements especially with reference to the socials to be held in the churches Sept. 28.

Madame Colard of New York, new instructor in voice, was heard with great pleasure in a group of songs. An extra edition of the College Greetings, a "How Do" number, was in evidence, and the students found in it a great deal of matter to interest them.

Collins "Sizes Up" N. Y. Giants

This is the first of seven articles written for the Journal by Eddie Collins of the Chicago White Sox. Collins has played in more world series games than any other major league player.

By EDDIE COLLINS
World's Greatest Second Baseman

FOLLOWING A series of 14 games this past spring between the Giants and White Sox, which was bitterly fought and closely contested I remarked to McGraw, "You've got the best team I ever saw."

With the possible exception of one position, center field, which I hear Cunningham and the veteran Stengel have filled most acceptably, I did not see how a single man could have been replaced with any advantage gained by the Giants.

With any pitching at all it looked a cinch for them to walk home and apparently with very little good twirling they have simply slugged their way to another pennant.

As this story is being written it looks as tho the Pirates at present were playing the best ball of any National League team, but I am of the opinion their rush is too late, and for this reason I will confine my discussion to the Giants alone as the most probable National League world series contestant.

The infield of the old Chicago Cubs and the Athletics of former days, it is admitted, were pretty good, but if either of those two had anything on the present Giant inner works, time along will tell. It's a cinch none could have begun better.

Ideal First Baseman
Taken individually: Kelly is an ideal first baseman possessed with the best arm I've seen in baseball. A sure fielder, he is as consistent a performer as a manager could desire. Over a .300 hitter, a slugger distinctly, not fast, but he is dangerous at all times.

At second base, in Frankie Fricch I think the Giants have the best ball player in the National League. As I make this statement I can hear the name of Hornsby mentioned. In justice to the latter, let me say it's never been my pleasure to see him perform a league game, but if he can better the work of My Ford-

MANY MEN OUT AT ILLINOIS COLLEGE

Coach Harmon Has Out Nearly Fifty Candidates—Problem of Suits is Confronting Coach.

Nearly fifty men have reported to Coach Harmon for places on Illinois College's football squad for 1922. Coach Harmon had purchased a large quantity of jerseys and trousers but yesterday he was fearful that he would not have enough to go around as a number of men are expected to get out when the registration and fixing of recitations are completed.

While no strenuous work has yet been done the men have been kept busy passing, kicking and tackling. There is some promising material in the new comers and Coach Harmon hopes to be able to turn out a good team to represent Illinois the coming season.

While it is too early to tell what the personnel of the team will be this year, the coach expects to begin working the men in next week and the real ability of the new men will be brought out.

WHITE SOX TAKE DOUBLE HEADER

Beat Philadelphia 1 to 0 and 3 to 2—Sox Now Only One and One Half Games Behind Detroit for Third Place.

Chicago, Sept. 20.—Chicago took a doubleheader from Philadelphia 1 to 0 and 3 to 2, the latter game going ten innings. The double victory put the White Sox 1 1-2 games behind Detroit for third place. Both games were pitching duels, Faber having the edge on Naylor in the first game and Ted Blankenship outpitching Ogden in the aftermath. The scores:

PITTSBURGH REDUCED NEW YORK'S LEAD

New York, Sept. 20.—The Pittsburgh Nationals reduced New York's lead in the National League four and a half games, winning the first contest of a three game series 4 to 1. Pittsburgh still has six more defeats than the Giants. A burst of home run hitting late in the game decided it for Pittsburgh. With the score tied in the seventh Bigbee hit a home run into the right field stands with Grey on base. Cooper hit another home run into the same stand in the ninth.

HIGH SCHOOL TEAM IS LOOKING GOOD

Coach Mitchell Has Likely Squad Despite Graduations Last Spring—Team Is Rounding Into Well Oiled Machine.

Coach Mitchell's high school football squad is rounding into a well oiled and likely looking machine even this early in the season.

Coach Mitchell has had the men working hard each day since school opened and some of the new material gives promise of developing into future stars. Mitchell lost a number of stars last spring by graduation but is of the opinion that he is going to find the proper men to fill the vacancies.

Just now the coach is concerned about an early game. He had one booked with Winchester. However, that school was unable to open on time on account of the new high school building not being completed and the Scott county squad has not gotten together yet.

The coach is trying to arrange a practice game with Coach Burns' School for the Deaf squad for next Saturday. Coach Burns has had his football men working for several weeks, they having come on before the opening of school. A practice scrimmage between the squads would benefit both.

Jacksonville Lodge No. 570 A. F. & A. M. will hold a stated meeting to-night at seven-thirty. Work in M. M. Degree. Visiting Brethren welcome. H. H. Chapman, W. M. E. L. Kinney, Sec.

PRICE OF WHEAT
TAKES UPWARD SWING
CHICAGO, Sept. 20.—Increase
anxiety about war possibilities
gave the wheat market a new
windward today, especially
during the last hour of the board
of trade session. Closing prices
were strong at nearly the top
most level reached with Decem-
ber \$1.06 1/2 to \$1.06 3/4 and May
\$1.11 to \$1.11 1/2. Corn gained
1 1/2¢ to 1 1/4¢, and oats 1 1/4¢ to 1 1/2¢.
In provisions the outcome was
unchanged to 15¢ higher. With
Liverpool quotations showing an
unexpected upturn and with talk
current that the peace outlook
was worse the wheat began to as-
cend early and then after some
hesitation went into its earnest
advance. Every fresh report indicat-
ing danger of hostilities on a big scale
appeared to call forth liberal buy-
ing orders for wheat little heed
comparatively being paid to dis-
patches pointing to likelihood
that the crisis might be averted.
Assertions that an exodus from
Constantinople had started and
that British elevator stocks of
wheat were scanty attracted ap-
proach attention early as motives to
purchase.

In later dealings wheat buy-
ing was further stimulated in
connection with reports of the
militant attitude of the Turks as
to fully achieving their objects
both in Europe and Asia. Mean-
while seaboard points on this side
of the Atlantic advised that a good
export demand for wheat in north
by positions was apparent and
that there seemed to be extensive
shortage of wheat readily avail-
able to fill September contracts
at Liverpool. Domestic receipts
showed a falling off thruout the
southwest in particular.

Broader demand was evident
for corn and oats. European pur-
chasing of both cereals was
noted.

Provisions averaged higher in
line with grain and hogs.

CASH GRAIN
REPORT
By Associated Press.
CHICAGO, Sept. 20.—Wheat in
the cash market today was in
good demand and offerings were
light. Premiums and discounts
were about unchanged. Prices
were 1 1/2¢ to 1 1/4¢ better com-
pared with yesterday's close. Shipping
sales were 30,000 bushels. Sales
of 50,000 bushels were made to
go to store. The seaboard re-
ported 200,000 to 300,000 bush-
els worked for Europe.

Oats were in good demand with
actual sales 1 1/2¢ higher. Ship-
ping sales were 305,000 bushels
including 200,000 bushels to ex-
porters. The seaboard reported
250,000 bushels corn worked for
Europe.

Oats were in god demand with
prices higher. Trading basis
was without any special change.
Shipping sales were 195,000 bush-
els all domestic. New York re-
ported 100,000 bushels of oats
worked for Europe. Cars in-
spected: Wheat, 38; Corn, 381;
Oats, 96

CONSPICUOUS SUCCESS IN BUSINESS WORLD

James Alexander as a Vice President of the Central Trust Company, Has a Record in Which Jacksonville Takes Pride.

If one were making a list of the young men of Jacksonville who have made good in the business world the name of James G. Alexander, son of Mr. and Mrs. W. L. Alexander, would stand out quite boldly. Mr. Alexander is now one of the vice presidents of the Central Trust Co. of Chicago, a strong financial institution, of which General Charles G. Dawes, formerly head of the budget department of the U. S., is the president.

Mr. Alexander's rise in the business world has been nothing short of phenomenal. Ten years ago he began his work in Chicago as a bond salesman. In a comparatively short time he had attracted attention both because of his unceasing industry and the skill he displayed in salesmanship. There were evidences also of his thoroughness in the study of the business in which he was engaged and within two or three years more he began to be looked upon as a thorough student of financial questions.

One advancement succeeded another and now for more than a year he has held the important post of vice president of the Central Trust Co., and in charge of the bond department, and under his leadership the business has in a few years' time developed ten fold.

He serves the bank also as a member of the credit committee, and those familiar with Chicago banking systems know the importance of the work this committee membership entails with a financial institution of the size of the Central Trust Co.

In the course of a very few years Mr. Alexander has worked out reorganization plans for several of the great corporations of the country, and some of his purchases and sales of bonds have approached the spectacular. The business that he directs runs into many millions dollars annually and the former Jacksonville man, now at the age of thirty-three years, is properly classed as a financial expert.

While the greater part of his time is spent at his office in the bank in Chicago, at least twice each month he is in New York and a privately owned wire which runs from his office to New York City keeps him constantly in touch with financial affairs in the eastern metropolis.

Notwithstanding this marked degree of success, Mr. Alexander has not changed in the slightest degree so far as his approachableness is concerned, and his many Jacksonville friends find him with just the same cordiality and affability that were his characteristics in the earlier years.

The position Mr. Alexander holds of course carries with it a very large salary and it is known too that such a position affords opportunities for profitable investments which are not the lot of many.

JACKSONVILLE BABY MAKES HIGH SCORE

Gordon McGloshen Best Score of 97.5 at State Fair — Springfield Baby Has First Rank so Far.

Gordon L. McGloshen of 210 North Fayette street, who scored the highest of all babies at the recent Morgan county better babies conference held in connection with the Morgan county fair, was given a score of 97.5 at the state fair better babies conference. The examining board at the state fair reduced the score made in Morgan county one point.

The score given the McGloshen baby will be among the highest scores made at the state fair and will give credit to the kind of babies that are being reared in Morgan county.

Another Jacksonville baby scored 93.5. He is Harold James Corbridge of South Prairie street.

To date the highest score given any baby at the fair is 99 and this goes to a Springfield child.

I. C. ENROLLMENT IS LARGEST IN HISTORY

New Voice Teacher Sang at Chapel Service—President Rammelkamp Spoke.

Illinois college opened its doors for the ninety-fourth time yesterday, with two hundred and sixty-five registered. This is the largest class in the history of the institution.

The chapel services were opened with a hymn followed by the reading of a psalm. Rev. W. H. Marbach read a selection from the scriptures and the assembly was led in prayer by Dean F. S. Hayden.

Rev. G. E. Stickney then gave an address of welcome to the new students as the representative of the Jacksonville ministerial association, inviting them to attend the local churches. He spoke briefly along the line of what friendships mean in life and the advantages of forming a christian character early in life. Following a number of announcements made by Dean G. H. Scott Mr. Lovejoy, the new teacher of voice at the conservatory favored the students with a number of songs. The selections sung were: "Sorter Miss You," by Smith; "Blind Plowman," by Clarke; and "Tommy Lad." Mr. Munger and Miss Florence Sweke of the conservatory, accompanied Mr. Lovejoy.

President C. H. Rammelkamp then spoke. He mentioned the fact this is the ninety-fourth year of the college. "Nearly a century has passed," he said "since nine students gathered at Beecher." We have the largest enrollment in the history of the college." He then talked of what to do if the college should keep on growing. Mr. Rammelkamp then gave some interesting statistics relative to the college this year.

Large Enrollment

"There are now 265 registered in the college this year," he said. "If the normal number of extras enter we will have nearly three hundred." One hundred and forty are enrolled in the conservatory this year. He stated that in the freshman class alone there are 125 students and that during the year this number may grow to 140.

At the close of the president's address of welcome the new teachers were introduced. They are: Miss Strawn, Miss Kircher, Henry Caldwell, Mrs. William Harmon, and Miss Frances Strawn of this city who is Mrs. Harmon's new assistant in the college library.

Miss Isabel Smith of the biology department has been appointed Dean of Women. Miss Florence Sweke is the successor of Mrs. Helen Ayers Bullard as teacher of piano and organ in the conservatory.

It was announced that Sturtevant Hall would be ready to use in a week or ten days.

After the singing of a hymn the first chapel exercises of the year were closed by a prayer by the Rev. Charles M. Eames, a missionary on leave from China.

LINEMAN MET DEATH ON ELECTRIC WIRES

George Sweeney of Larned, Kansas Killed at San Bernardino—Had Relatives in This City.

A San Bernardino, (Calif.) paper tells of the death of George A. Sweeney, a relative of Mrs. J. M. Tunis of 321 South West street. Mr. Sweeney, who was thirty-seven years old, was a lineman in the employ of the Arrowhead Lake Co. and was electrocuted when he fell against the wires on a high tension power line.

The body of the unfortunate man had been burned deeply about the face, shoulders and thighs before the current could be disconnected by his son, Edgar Sweeney, and another lineman, both of whom were within a few feet of Mr. Sweeney at the time of the tragedy.

According to the story of witnesses, Mr. Sweeney who was to make some repairs on the high tension line, entered the sub-station for the purpose of pulling the necessary switches to disconnect the Arrowhead Lake line. It is believed that thru error he pulled the wrong circuit.

Mr. and Mrs. Sweeney and their two sons had arrived in San Bernardino from Larned, Kansas, just two weeks ago. Mr. Sweeney having gone to California to enter the employ of the Arrowhead Lake Co.
